

Primary Target Persona: young women who love fashion and accessories

Kyiv, Ukraine

21years

Maya

University Student

CORE PERSONA MINDSET

“Young fashion-conscious users who own multiple accessories and need help styling and coordinating them with their outfits.”

Problems

- She owns many accessories but struggles to know which pieces match and complement each other.
- She spends too much time trying different combinations before finding one that works with her outfit.

Solution

- Adorna suggests matching accessory combinations based on the pieces she owns.
- Adorna provides ready-to-wear accessory combinations that complement her outfit and personal style.

Goals

High Priority

- Coordinate her accessories easily.
- Discover new ways to style the pieces she already owns.
- Create stylish looks without spending too much time.
- Feel confident about her final outfit.
